## Class Placement Requests

The staff will be gathering and sharing information in preparation for student placement in September. As professionals, the staff devotes much time, care and effort in determining September 2025/26 placement for each child. Sometimes, parents are able to provide the school with new information about their child.

This input should not include a request for placement with a specific teacher but rather some important personal or educational information that will assist us with our decision. Requests with teachers names on them will be not be considered. This could include:

- your child's learning strengths, interests and needs and/or their learning style
- strategies and approaches that are effective in engaging and motivating your child, and
- peers that you believe might help your child to feel connected, to work productively and to be a successful learner.

It is important to note, that while we take your information into account as part of our discussions, we are not able to guarantee requests. Should you wish to provide the school with this information, please send a letter by email to Mr. Cherr ([dcherry@sd38.bc.ca](mailto:dcherry@sd38.bc.ca)) no later than Monday, June 2nd, 2025. All parent class placement consideration letters will be shared with teachers.

## Scooters at School

It is great to see so many students bringing scooters to school! For the safety of all of our students, we are asking students to not ride around the school property before the start of school. Some of the scooters go fast and we wouldn't want to see students get seriously hurt. Also, it is great to see many of our students wearing helmets while riding the scooters. If your child doesn't have a helmet, you may want to get one for them. Thank you for supporting safety on our school grounds.
