GRADE 3 OVERVIEW

Mrs. Clifford

Sept 2023 - June 2024

Dear Parents/Guardians,

I hope this message finds you well and that you are all enjoying the summer months. As we begin the school year, I want to take a moment to share with you an overview of the Grade 3 curriculum and learning goals for the upcoming school year. Our focus will be on building a strong foundation in literacy, mathematics, and social studies, while also fostering critical thinking and problem-solving skills.

Literacy: We will continue to develop our students' reading and writing abilities. This includes focusing on comprehension, vocabulary, and grammar. We will also encourage students to express their thoughts and ideas through creative writing and storytelling.

Mathematics: Our math curriculum will cover a range of topics, including addition, subtraction, multiplication, and division. We will also introduce concepts of fractions and decimals, and explore measurement and geometry.

Social Studies: We will explore the world around us, focusing on the history, geography, and culture of our community and the world. We will also discuss the importance of citizenship and the role of government.

Science: We will explore the natural world, focusing on the life cycle of plants and animals, the Earth and its resources, and the forces of nature.

Art and Music: We will provide opportunities for students to express their creativity through art and music. This includes drawing, painting, and using various art materials, as well as singing and playing instruments.

Physical Education: We will encourage students to engage in regular physical activity and develop healthy habits. This includes participating in sports, games, and other physical activities.

Character Education: We will focus on teaching students the values of honesty, respect, responsibility, and kindness. We will also encourage them to be good citizens and to contribute to their community.

We are excited to start the school year and look forward to working with you to support your child's learning and growth. Please feel free to reach out to me if you have any questions or concerns. We are always available to help!

Sincerely,
Mrs. Clifford
